The Depot Mission

For the past 50 years, NADEP Cherry Point has never lost focus of its central mission--"Service to the Fleet." Cherry Point is dedicated to providing our nation with the highest quality of depot-level maintenance, engineering and logistics support for DOD aviation. In addition to a high-quality product, the depot ensures this support is delivered on time and at the least cost.

By working smarter, improving processes, focusing on quality and enlisting the support and involvement of the entire work force, the depot continues to be a model of quality and productivity improvement in the federal government.
